M

Snow/Light Material Blade

FEATURES

- 21.25 curved moldboard
- Strong, high carbon steel cutting edge for long life
- Moldboard has two (2) spring trips for component protection
- Easy adjust depth shoes
- 25° left/right angling
- Hydraulic angling (optional)
- Locking trip design for light material grading and all season use

The Perfect Blade...

The Snow/Light Material Blade is the perfect way to remove snow from walks, driveways, or parking lots. Use it in the summer for light material grading.
